

KENNETH FRANK PATTERSON

Online Resume and portfolio: <http://ken.kenandjerry.com> ☎ 408-348-5370 ✉ ken@kenandjerry.com

My objective is to move in to a career that excites and challenges my abilities. Where I can learn new skills and bring a new perspective to established modes of operation.

I excel at long term scheduling and asset management, with a calm demeanor to last minute challenges and the ability to adapt to the needs of the project to make it a success. As well as experience in the following areas:

- Database design and administration (MSAccess)
- Front line office IT support
- Video and Audio QC for broadcast
- Primary fault tracing in broadcast equipment
- Assembly of desktop systems; maintenance of desktop and portable systems
- Web Site maintenance in HTML, CSS and MySQL
- Web Site management under Joomla 1.5, GeekLog and MoveableType
- Elementary programming in C++, PHP & Java
